

Village of Bremen

9090 Marietta Road SE, Bremen, OH 43107
Committee on Parks and Swimming Pool

Meeting Minutes

6:30 pm May 3rd, 2022

Members present: Anthony Taylor, Deborah Wolfe, Savannah Westenbarger, Jason Cline

Guests: Mary Hoffman, Tracy Shahan, Susan Drumm

Park & Pool Old Business:

1. Clean-up day to be held May 20th, rain date of May 21st
2. Need title of sign for picture, replacement signage discussed for oil derrick.
3. Planting day at the park to on Saturday May 14th, starting at 9am
4. Discussion on status of security cameras in/around park. Consensus was that current estimates for new security system are not feasible. Current system to be re-evaluated to determine issue and cost to fix, with back-up option of trail cameras as alternative possibility if unable to be fixed.

Park & Pool New Business:

1. Susan Drumm brought idea of lending library back to committee. Additional information that was not known at first review was brought, including who would be installing and maintaining library, frequency, remedies for vandalism, etc. Ultimately, no need for committee approval, even though no major issues were brought up without an answer. Mayor has authority to approve, and did so.
2. Donna Miller to adopt two flower beds in front office and maintain. Debbie to meet and discuss on May 11th.
3. Discussion held on extending the playground area, no consensus on how best to utilize excess mulch.
4. Discussion on area outside of fence around playground, suggestion made to pave. Agreement was that this suggestion is far too costly – grounds crew to continue weed eating as maintenance.
5. Discussion on new liner for Koi Pond, as the liner is leaking.

Village of Bremen

Committee on Parks and Swimming Pool

6. Suggestion brought to committee to have tennis area turned into a batting cage for little league baseball. Matt Hyme brought idea as well as offered to pay for netting needed. Additional questions need answered before decision can be made:
 - Will anything else be needed other than netting?
 - Netting to be left up during summer season for anyone to use?
